Dear Rep. Paul Holvey,

Please support the \$500,000 funding for the passenger ferry service project work of Friends of Frog Ferry. It would be forward thinking on the State's part to plan for possible catastrophic events in the area. We need to learn about the potential to bring a new mode of transit to the Portland region, help improve our environment, connect communities and build our city's resiliency. We can't sustain a "this is how we've always done it" approach, given the demands of our transportation infrastructure.

Sincerely,

Kathleen Brattin
