I am writing this email in support of the Frog Ferry Initiative headed by Susan Bladholm. As our transportation challenges continue to grow we need to exhaust every effort to plan, design and implement innovative and sustainable modes of transportation. In my view our Rivers are grossly under utilized. Not only would the Frog Ferry Project provide needed alternative transportation linking Vancouver to the North and Oregon City to the South but it would provide our tourist industry with another welcome Portland adventure.

In a very short time, the Frog Ferry Initiative has been embraced by government, private industry and citizens as a viable and exciting alternative transportation opportunity. I fully support your efforts on Frog Ferry's behalf. As a taxpayer I believe this is a responsible way to put our tax dollars to work for the benefit of Oregon's citizenry. When given the opportunity to support Frog Ferry please vote YES!

Warm Regards,
Jim Park
