

Aug 30, 2021

Dear Civic Leaders,

As the St. Johns Boosters Business Association, we and our members welcome the opportunity to better connect with the rest of the Portland community while leveraging the option of regional residents coming to visit our wonderful neighborhood and business district. We have so much to offer for so many in the region! Our tagline is “Small Town in the Big City” and we offer so many assets to both residents and visitors, with lots of scenic walking, bike routes, wonderful small bookstores, cafes and restaurants, community gathering spaces such as Cathedral Park, Pier Park, our downtown Plaza, and our Farmers Market. In addition, St. Johns hosts annual events such as the Art Walk, St. Johns Parade and St Johns Bizarre.

Our community has an amazing sense of pride, and yet despite our proximity to downtown Portland, we have few transit options. St. Johns provides us with a wealth of diverse interests, cultural activities, art, and community events, and yet it is challenging for us to commute to Portland for careers, healthcare or education.

The St. Johns area could be even better if we had a new “green” mode of transit, that saves us time away from our families, that gets car owners off our local roadways that cause our St. Johns Bridge to back up, and that provides an opportunity for us as residents to get out on the waterway to enjoy the beautiful greenspace the river provides.

With appreciation,

Liz Smith
